DETAILED ACTION

Allowable Subject Matter

1. Claims 8-10 are allowed.
2. The following is a statement of reasons for the indication of allowable subject matter:

The closest prior art shows position adjustment for the images but does not disclose extracting a common image related to each picture or a common color tone thereof from said image; correcting a magnifying ratio of said image; forming a connected image by connecting an overlapped portion of said image; and processing said image by gradation method so as to smoothly and continuously connect said image without an outstanding overlapped portion thereof.

The closest prior art shows position adjustment for the images but does not disclose image editing means electro-optically connected to said memory means and said viewpoint-information data outputting means for taking out necessary images for each operator from said single wide area view image based on said viewpoint-information data and for displaying said images for each operator as required so as to promptly and exactly present said images with a high quality at an adequately required position.
